

More Than
500,000,000

**gallons of fresh water
will be saved
THIS YEAR ALONE.***

More than 100 PulseFlow® Batch Washers are operating around the world and the effects are staggering. Together, Milnor PBW™ tunnel customers are saving millions of gallons of fresh water ... over 500 million gallons this year alone.

But that is just the tip of the iceberg-sized savings. Thanks to Milnor's revolutionary PulseFlow® Technology, True Top transfer and RecircONE® pump arrangements, their laundry is getting cleaner than ever before.

Learn more about this radical approach to tunnel washing and how you can save.
